

## POLICY ON QUALITY

It is our mission to offer Aluminium solutions to our customers by quality, efficiently and sustainably operating our integrated rolling assets. Therefore, we aim to be a leading, sustainable and a net zero carbon aluminium rolling mill, by 2050, preferred by our employees, customers and our stakeholders. We improve Quality processes and management systems and define ambitious objectives in an effort to achieve higher customer satisfaction of our delivered products.

This mission is supported by our Quality policy based on our Aluminium Duffel BV values and are in accordance with IATF 16949 and ISO 9001 standards which are believed to be beneficial to all our stakeholders:
